### Coastal Hydraulics and Environment

Dragantcheva, D., 2000, „Coastal Erosion as a Factor for Increasing Landslide Potential at Bulgarian Black Sea Coast“, Proceedings of 9th Congress of the Int. Maritime Assoc. of Mediterranean (IMAM'2000), April, vol. 3, Session M, pp. 81-88, Ischia.

Dragantcheva, D., 1997, „BSHC Experience in Hydraulic and Mathematical Modelling of Bulgarian Black Sea Beaches“, Proceedings of Int. MEDCOAST Course on Beach Management in the Black Sea, Varna.

Dragantcheva, D., Pentchev, V., 1996, „Application of Simplified Numerical Models for Planning and Environmental Impact Assessment of Coastal and Harbor Structures“, Proceedings of 1st Int. Conf. on Marine Industry (MARIND'96), vol. 3, paper A15.2, Varna.

Kantarji, I., Dragantcheva, D., 1991, „Approximate Dispersion Relation in Problems of Surface Waves on Vertically Sheared Currents“, Proceedings of Int. Symp. HADMAR'91, BSHC, v.1, pp.73.2-73.1, BSHC, Varna.

Kantarji, I., Dragantcheva, D., Penchev, V., Drejzis, J., 1989, „Interaction Model of Wave Spectrum and Current Generated by Pneumatic Barriers“, Proceedings of 18th Session of SMSSH, v.1, pp. 84.1-84.11, BSHC, Varna.

Mayranovski, F., Baranovski, V., Pentchev, V., Trifonov, V., 1990, „Distribution of River Flow in the Coastal Zone“, Proceedings of 19th Session of SMSSH, BSHC, Varna.

Mass E., Kantarji I., Dragantcheva D., Penchev V., 1988, „Filtration of Wind Waves' Spectrum under the Influence of Opposite Current with Depth Nonuniform Velocity, Proc. of 17th Session of SMSSH, vol.3, pp.104.1-104.8, Varna

Nikolchev D., Dragantcheva D., Pentchev V., 1991, „Experimental Model Investigations of Submerged Permeable Constructions“, Proceedings of 9th Int. Conference on Advanced Technologies in Transport Construction, pp. 190-198, Varna

Pentchev, V., 2001, „Numerical Simulation of Dredging Spoil Spreading Due to Wave/Current Action“, Proceedings of HADMAR'2001 Euro-Conference, Vol. 2, pp. 347-354, Varna.

Pentchev, V., 2000, „Numerical Simulation of Spreading of Pollutants in Coastal Waters“, Proceedings of 9th Congress of the Int. Maritime Assoc. of Mediterranean (IMAM '2000), April, Session M, pp. 56-61, Ischia.

Pentchev, V., 1996, „On the Environmental Impact Assessment of Harbour

Structures”, Proceedings of 32nd Int. Seminar on Port Management, IHE, Delft.

Penchev, V., 1990, „Transmission of Shallow Water Waves through Permeable Coastal Constructions”, Proceedings of 5th IMAEM Congress, Athens.

Pentchev, V., Dragantcheva, D., Matheja A., Mai S., 2001, „Combined Physical and Numerical Modeling of Coastal Erosion of Sand Beach Area Protected by an Artificial Reef”, Proceedings of HADMAR'2001 Euro-Conference, Vol. 2, pp. 325-338, Varna.

Pentchev, V., Dragantcheva, D., 1998, „Combined Hydraulic / Numerical Simulation as a Tool for Environmental Planning of Coastal Structures”, Proceedings of 2nd Int. Conf. on Marine Industry (MARIND'98), v. 3, pp. 277-288, Varna.

Pentchev, V., Dragantcheva, D., 1997, “Assessment of the Environmental Impact of the Coastal Structures by Means of Numerical Modeling”, Proceedings of the 8th National Congress on Theoretical and Applied Mechanics, Sofia

Pentchev, V., Guanying, D., Wang, S., Sotkova, M., 1991, „Experimental Model Investigation on Perforated Wall Structures”, Proceedings of Int. Symposium HADMAR'91, BSHC, Varna.

Pentchev, V., Sotkova, M., Dragantcheva, D., 1986, „Comparative Model Investigations of the Evolution of Artificial Beach behind an Underwater Sill”, Proceedings of the IAHR Symp. on Modelling of Sediment Transport Phenomena, pp. 300-310, Toronto.

Pentchev, V., Tzvetanov, T., 1987, „On the Modelling of Wave Loading on the Harbour Structures”, Proceedings of the 15th IMAEM Congress, Varna.

Penchev, V., Dragancheva D., Botev J., Physical Model Study of Coastal Erosion of Sand Beach Area Protected by Artificial Reef, User Group Meeting on *Fundamental Hydraulic Research for Coastal Areas by Using Large-Scale Facilities of the Hydro-Lab-Cluster North Germany*, Hanover, Germany, 26.-28. November 2002

Daskalov K., Savov B., Penchev V., Physical Model Study of an Innovative Type of Concrete Caisson Floating Breakwater, User Group Meeting on *Fundamental Hydraulic Research for Coastal Areas by Using Large-Scale Facilities of the Hydro-Lab-Cluster North Germany*, Hanover, Germany, 26.-28. November 2002

Penchev V., Karageorgis A., Savov B., "Laboratory Study on Dredge-Induced Spreading of Sediments", Proceedings of the User Meeting of HYDRALAB II Conference, edited by WL Delft Hydraulics, Budapest, May, 2004

Dragancheva, D., Bottom Velocities behind a Coastal Reef under Irregular Waves, *Third International Conference on Port Development and Coastal Environment PDCE*, Varna, Bulgaria, June, 2003, (in English)

Dragancheva D., Transformation of Wave Spectrum and Wave Bottom Velocities behind an Artificial Coastal Reef, Annual of UACEG, 2002-2004, vol. XLI, f. VI, Hydrotechnic, pp. 71-79, Sofia, 2004

Dragancheva D., Penchev V., Wave Transmission behind a Submerged Breakwater, Journal of Theoretical and Applied Mechanics, BAS, NCTAM, Sofia, № 1, January 2005

Penchev V., Interaction of Waves and Reef Breakwaters, Proceedings of NATO Advanced Research Workshop on Environmentally Friendly Coastal Protection, NATO Science Series, KLUWER Academic Publishers, 2005

Penchev V., B. Savov, Z. Theocharis, A particle-tracking model of spreading of fine sand sediments, Proceedings of 12<sup>th</sup> Int. Congress of the Maritime Association of the Mediterranean (IMAM 2005), Lisboa, Portugal, v. 2, pp. 1455-1462, 26-30 Sept. 2005

Penchev V., J. Scheffermann, Simulation of Solitary Wave Passing a Submerged Reef, Proceedings of the 8<sup>th</sup> Numerical Towing Tank Symposium, Paper № 26, 2÷4 October 2005, Varna, Bulgaria

Kyulevcheliiev S., CFD Simulation of Oscillating Water Column Wave Energy Converter, Proceedings of the 8<sup>th</sup> Numerical Towing Tank Conference, Varna, Bulgaria, October, 2005

Penchev V., S. Shukrieva, Numerical simulation of waves in the vicinity of coastal structures, Proceedings of the 8<sup>th</sup> Int. Conference on Marine Sciences and Technologies – Black Sea'2006, 25-27 September 2006, Varna, v. 2, pp. 91-97

Penchev V., Scheffermann J., S. Shukrieva, Zimmermann C., Evaluation of Reef Breakwater Efficiency by Physical and Numerical Simulations, Annual Book Franzius Institute, vol. 92, January 2007

Penchev V., Shukrieva S., Integrated Modelling of Waves and Currents around Reef Breakwaters, Proc. of Int. Conference on Coastal Structures'2007, Venice, 2007

Shukrieva S., Wave-induced currents behind a Reef Breakwaters, Proceedings of the IV<sup>th</sup> International Conference PDCE'2007, Varna, pp. 215 -pp. 224, September 2007

Penchev V., S. Shukrieva, Numerical Simulation of Waves in Harbour Areas - Example Applications for Bulgarian Black Sea Coast, Proceedings of the IV<sup>th</sup> International Conference on Port Development & Coastal Engineering (PDCE), Varna, pp. 205 -pp. 214, September 2007
