### Offshore Engineering

Bogdanov, P., Kischev, R., 1986, „Dynamical Stability of Support Ship – Diving Bell Complex”, 3rd Int. Conference on Stability of Ships and Ocean Vehicles STAB '86, Gdansk.

Kischev, R., Ivanov, A., Pomeranetz, L., 1985, „On the Practical Evaluation of Hydrodynamic Coefficients of Semisubmersible Platforms, Based on Systematic Model Tests”, Proceedings of 4th BOSS Conference, Delft.

Kischev, R., Radev, D., Rakitin, V., Mendes, A., Chaplin, J., 2000, „Model Investigation on Wave Kinematics in the Vicinity of a Jacket Structure”, Proceedings of 9th IMAM Congress, Naples.

Kischev, R., Radev, D., Rakitin, V., 1997, „Systematic Experimental Investigations of Hydrodynamic Loading on a Jacket Platform”, Proceedings of Int. Workshop on Environmental Loading on Offshore Structures, Kovalha.

Mendes, A., Kischev, R., Chaplin, J., Tomchev, S., 2000, „Experimental Determination of the Hydrodynamic Loading on a Model of Offshore Platform in Waves and Current”, Proceedings of ISOPE Conference, Seattle.

Spasov, S., 1987, „On the Mathematical Modelling of the Dynamics of Floating Structures”, Proceedings of 4th IMAEM Congress, Varna.

Spasov, S. Kischev R., 1992, „Seagoing Qualities of Floating Caisson with Dynamic Principle of Support”, Proceedings of 3rd AIOM Congress on Marine and Offshore Eng., CETENA, Genova.

Spasov, S., Vassilev, P., Gorban, B., Korolev, V., 1986, „Investigation on the Effectiveness of Floating Platforms Anchor System”, Proceedings of 15th SMSSH, Varna.

Vassilev, P., Spasov, S., Kischev, R., Vilensky G., 1986, „Analytical Approximation of Experimental Data for Drift Forces on Semisubmersible Platforms”, Proceedings of 15th SMSSH, Varna.

Kischev R., V. Rakitin, Y. Yovev, R. Nachev, Hydrodynamic Model Tests on Fish Farm Cage Systems, Conference Black“Sea '2004, Varna, стр. 128 – 134
